Internal Revenue Service

Card Form 1040A offers an easy way for employees receiving less than \$10,000 total income to file their 1967 U.S. income tax returns.

For employees who earned less than \$10,000

▶ Please follow these steps in using Card Form 1040A

- A Read instructions below. (See "Who May Use Form 1040A." If ineligible, use Form 1040.)
- **B** Fill out the copy on page 4. If you need help, phone or visit any Internal Revenue Service office.
- C Transfer answers from the copy to the card. Keep the copy for your records.
- D Sign the card and mail it with your Wage and Tax Statements (Forms W–2, Copy B) to your Internal Revenue Service office as shown on page 8 of these instructions.
 - If your name, address, and social security number are already printed on the card form, please use this card. Correct the preprinted information, if necessary.

Who must file a tax return

Every citizen or resident of the United States—whether an adult or minor—who had \$600 or more income in 1967 must file; except that if you are 65 or over, you must file if you had an income of \$1,200 or more.

Who may use Form 1040A

If your income was less than \$10,000 and consisted entirely of wages (including tips) subject to withholding tax and not more than \$200 total of dividends, interest, and other wages and tips, you may use the card form. A husband and wife may file a joint return if their combined incomes do not exceed these limits.

Who may not use Form 1040A

File Form 1040 instead of Form 1040A if—

- You had income from sources other than, or in amounts larger than, those stated above.
- 2 Either husband or wife itemizes deductions.
- 3 You claim the tax status of head of household or surviving husband or wife.
- 4 You claim the retirement income credit.

- 5 You claim an exclusion for "Sick Pay" paid directly to you by your employer and this amount is included in the total wages shown on your Form W-2.
- 6 You claim deductions for travel, transportation, moving, or "outside salesmen" expense. (However, see "Reimbursed Expenses," page 3 of instructions.)
- 7 You claim credit for payments on estimated tax or an over-payment from 1966.
- 8 You claim credit for Federal taxes for nonhighway gasoline and lubricating oil.
- 9 You received tips of \$20 or more in a month, which you did not report fully to your employer.
- 10 Your Form W-2 shows an amount as "Uncollected Employee Tax on Tips."
- 11 You are a nonresident alien. (File Form 1040NR.)

Members of Armed Forces

A member of the Armed Forces should give his name, social security number, permanent home address and serial number.

An enlisted man may exclude all service compensation for each month for which he served in a combat zone

and each month for which he was hospitalized as a result of such service. For this purpose, service for any part of a month is considered a full month. A commissioned officer may exclude up to \$500 a month of such compensation. Forms W-2 issued for 1967 by the Armed Forces ordinarily do not include these payments. If there is any doubt as to whether the amount shown on your Form W-2 includes the nontaxable amount, contact the pay office which issued the form. If the nontaxable portion was included on Form W-2, you will be issued a corrected Form W-2 or a certificate to support exclusion. If you get a certificate, deduct the amount shown on the certificate from the wages shown on Form W-2, include the difference in item 5. and attach the certificate to your return. If you get a corrected Form W-2, include the amount shown on that form in item 5.

When and where to file

Please file as early as possible with the District Director of Internal Revenue for your district, or with your Internal Revenue Service Center as shown in the mailing instructions on page 8. File your return on or after January 1, 1968, but not later than April 15, 1968.

U.S. citizens with foreign addresses, except A.P.O. and F.P.O. addresses, must file with Director of International Operations, Internal Revenue Service, Washington, D.C. 20225.

Where to get forms

If you need a Form 1040, you can get one from any Internal Revenue office, or from many banks and post offices. Your employer will furnish a Form W-2.

How to pay

Checks or money orders should be made payable to "Internal Revenue Service." Please write your social security number on your check or money order. You need not pay a balance of tax due of less than \$1, and

an overpayment of less than \$1 will be refunded only upon separate application

Signature

Your return is not valid unless you sign it. Both husband and wife must sign a joint return unless the husband is a serviceman in the Vietnam combat zone. In this instance, the wife should write in the space provided for her husband's signature that he is in the military service in Vietnam.

Computation of tax on Form 1040A:

If your income was less than \$5.000

You may find your tax from the appropriate Tax Table on page 5, 6, or 7, or you may have the Internal Revenue Service do it for you. If you are married and filing a separate return and you choose to have the Internal Revenue Service figure your tax, it will be figured using the 10 percent standard deduction but not the minimum standard deduction.

If your income is \$5,000 or more, but less than \$10,000

You must use the standard deduction—either the 10 percent standard deduction or the minimum standard deduction, whichever is greater—and compute your own tax. (See Tax Computation Schedule on page 4.)

Use of the Tax Table or the standard deduction eliminates the need for listing contributions, interest, taxes, losses, medical expenses, child care expenses and certain miscellaneous deductions. The standard deduction is 10 percent of item 7, page 1, Form 1040A, but not less than the minimum standard deduction which is an amount equal to \$200 (\$100 if married and filing a separate return), plus \$100 for each exemption claimed in item 15 on the back of your return.

Example: Husband and wife filing joint return claiming four dependent children. Minimum standard deduction is \$800 (\$200 plus \$100 for each of six exemptions).

The standard deduction is limited to \$1,000 (\$500 for each return if married and filing separate returns). If your standard deduction is less than your itemized deductions, it will be to your advantage to use Form 1040 and

itemize your deductions. The Tax Tables are designed to allow for the standard deduction.

If separate returns are filed by married individuals, and if either the husband or wife elects the 10 percent standard deduction or one of them chooses to have the Internal Revenue Service figure the tax, the other must use the 10 percent standard deduction. To use the minimum standard deduction both must use it and both must compute their tax.

Married couple:

Marital Status.—If married at the end of 1967, you are considered married for the entire year. If divorced or legally separated on or before the end of 1967, you are considered single for the entire year. If your wife or husband died during the year, you are considered married for the year, and may file a joint return.

How to prepare a joint return

To benefit from the split income provisions, a husband and wife must file a joint return. If a joint return is filed, you must include the income of both; however, a joint return may

be filed even though one had no income. If your income was under \$5,000, and you choose to have the Internal Revenue Service figure your tax, it will be computed on the combined income or on the separate incomes, whichever results in the smaller tax or larger refund. If you figure your own tax, be sure to make both computations and enter the smaller tax or larger refund on your return. A joint return may not be filed if either husband or wife was a non-resident alien at any time during the taxable year.

How to prepare a separate return

In a separate return each must report his or her separate income and fill in a separate form.

Do you owe a tax balance?

Under the pay-as-you-go system, your withholding tax and your final income tax should come out about even. This benefits both you and your Government. If you owe a balance on your 1967 return, you should consider changing your Withholding Exemption Certificate (Form W-4).

Instructions for preparing front of Form 1040A

1 2 3 If you are married and are filing a joint return as husband and wife, be sure to enter the first names and middle initials of yourself and your wife. For example: John F. and Mary L. Doe. Enter both your social security number and your wife's social security number, whether filing jointly or separately.

Enter the total wages (including tips) from all your 1967 Forms W-2. If an amount appears on Form W-2 in the box captioned "Other compensation paid in 1967" add this amount to the amount shown in the box captioned "Wages paid subject to withholding in 1967," and enter the total on page 1, item 5. Also include in this item wages and tips for which you did not receive a Form W-2. If you lose a Form W-2, ask your employer for a new one. If you cannot furnish a Form W-2, attach an explanation.

Two or more employers

If a total of more than \$290.40 of social security (F.I.C.A.) tax was withheld from the wages of either you or your wife because one or both of you worked for more than one employer, you may claim the excess over \$290.40 as a credit against your income tax.

- (a) Add the social security (F.I.C.A.) tax withheld by all your employers from your wages in 1967. If joint return, make separate computations for you and your wife.
 - (b) Subtract \$290.40.
- (c) Include the balance in the amount shown in item 9.
- a. INTEREST.—Include all interest actually received or credited to your account by a bank, savings and loan association, credit union, etc. Also include interest on tax refunds.

b. DIVIDENDS.—Enter total dividends received in the space following the words "before exclusion." You may exclude from your income up to \$100 of dividends received from domestic corporations. If a joint return is filed and both husband and wife have dividend income, each is entitled to such an exclusion for dividends belonging to him or her, but one may not use any portion of the \$100 exclusion not used by the other. For example, if the husband had \$180 in dividends, and the wife had \$20, only \$120 may be excluded-\$100 for husband and \$20 for wife. Subtract your exclusion and enter your taxable dividends in the right-hand column

Earnings (even though called dividends) received from savings (building) and loan associations and mutual savings banks on deposits or withdrawable accounts should be reported in item 6a.

COMPUTATION OF TAX

a. If your income was less than \$5.000

You may find your own tax from the appropriate Tax Table in these instructions, or you may have the Internal Revenue Service do it for you. If you find your own tax, complete

items 8, 9, and 10 or 11. If you have the Service find your tax, omit items 8, 10, and 11 (but complete item 9). We will send you a bill for the balance due, or a check for the refund.

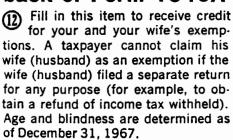

b. If your income was \$5,000 or more but less than \$10.000

You must compute your own tax and use the standard deduction. If your itemized deductions are in excess of your standard deduction, it will be to your advantage to use Form 1040. (See page 4 for tax computation schedule.) Keep it for your records.

Purchase of U.S. Savings Bonds

If you are entitled to a refund, you may apply it to the purchase of Series E United States Savings Bonds. (See "check boxes" to left of item 10.) If you check the U.S. Savings Bonds, and excess refunded box, you will be issued as many bonds as your refund will buy, provided it does not leave a balance of less than \$1 to be paid by check. For example, if your refund is \$40, you will receive a \$50 face value bond and a check for \$2.50. Bonds will be issued in the name used in filing your return. If you file a joint return, the bonds will be issued only to husband and wife as co-owners.

Instructions for preparing back of Form 1040A

Enter in item 13 the first names and the total number of your dependent children who lived with you during 1967.

List other dependents in item 14. Each dependent must meet all of the following tests:

(a) Received more than one-half of his or her support from you (or from wife or husband if a joint return is filed). Support includes all amounts used for the dependent's support whether contributed by the depend-

ent or by others and whether such amounts are taxable or nontaxable income such as social security, gifts, savings, etc.

(b) Received less than \$600 income. (This test does not apply to your children or stepchildren who were under 19 or who were full-time students for 5 calendar months of the year; however, you must have provided over one-half of the child's support.)

(c) Did not file a joint return with her husband (or his wife).

(d) Was either a citizen or resident of the United States or a resident of Canada, Mexico, the Republic of Panama, or the Canal Zone. (An alien child legally adopted by and living with a United States citizen abroad also qualifies as a citizen of the United States for this purpose.)

(e) EITHER (1) for the entire year 1967 had your home as his principal place of abode and was a member of your household; OR (2) was related to you (or to husband or wife if a joint return is filed) in one of the following ways:

Child* Stepsister Stepchild Stepmother Mother Stepfather Mother-in-law Father Grandparent Father-in-law Brother Brother-in-law Sister Sister-in-law Grandchild Son-in-law Stepbrother Daughter-in-law

The following if related by blood: Nephew Uncle Aunt Niece

*Includes a child who is a member of your household if placed with you by an authorized placement agency for legal adoption.

Divorced or Separated Parents

For new rules on dependency exemptions for your children if you are divorced or separated see Document No. 5013, Personal Exemptions, which is available at the District Director's

Birth or death of dependent

You can claim a full \$600 exemption for a dependent who was born or died during the year if the tests for claiming an exemption for such dependent are met for the part of the year during which he was alive.

Reimbursed expenses

If you accounted to your employer for business travel expenses and he paid for them (either by advances or reimbursements or by allowing you to use a charge account), or he gave you a flat allowance for subsistence and mileage of not more than \$25 a day and 15 cents a mile, and your expenses equaled your reimbursement, or your expenses exceeded the reimbursement and you do not wish to claim a deduction, you may file Form 1040A without showing these amounts by simply checking the box on the back of Form 1040A above the signature. For higher rates in special cases, such as foreign travel, consult your District Director. However, if your employer's payments were more than your expenses, or you wish to claim a deduction for expenses, you may not use Form 1040A, but must use Form 1040.

Tax Tables for Incomes Under \$5,000

If your total income (item 7 of your return) is \$5,000 or more, use Tax Computation Schedule on page 4

Tables A and B reflect the lowest tax after considering both the 10 percent standard deduction and the minimum standard deduction. Table C shows the tax based on either the 10 percent or the minimum standard deduction.

1967 Tax Table C—For Married Persons Filing Separate Returns

This table is designed to enable married persons filing separate returns to figure their tax choosing either the 10% or minimum standard deduction. However, if one uses the 10% deduction, then both must use it. If one asks the Internal Revenue Service to figure his tax, then the other must do the same or use the 10% deduction.

To find your tax read down income columns until you find the line covering the total income shown as item 7. Then read across to the appropriate column headed by the number corresponding to the number of exemptions claimed on item 15. Enter tax in item 8.
